1. Premises must conform to all current animal welfare regulations.
2. Ponies must not be removed from pens without the owner or his/ her representative being present.
3. At all Sales, if the owner is not present in person, a representative must be nominated in advance who will be responsible for the ponies.
4. The entry form must include a declaration stating that the pony/ies being entered in the Sale have been correctly transferred through the Society and are **registered in the name of the vendor**.
5. The entry form must state that all stock **must be registered** with the Shetland Pony Stud-Book Society **by 15th JULY at the latest**. **This date will be strictly adhered to.**
6. The minimum age of foals to be sold is **eighteen weeks on the day of the Sale even if being sold at foot**. The foal's exact date of birth must be stated on the entry form.
7. It must be emphasise that foals, unless being sold at foot, must be weaned. This means they must be able to drink water and eat hard feed independently.
8. **No ponies will be accepted for sale if they have undergone any form of surgical procedure e.g. castration, within 4 weeks of the sale date.**
9. **Owners who have had ponies suffering from an infectious disease within one month of the Sale must not present any ponies for sale. Any ponies showing symptoms of an infectious disease such as coughing, swollen glands, high temperature or a muco-purulent nasal discharge (snotty nose) will be excluded from the Sale.**
10. Any ponies **over the age of eighteen years** must have a Vet's certificate, dated the day before the Sale, stating that the pony is fit to travel. The pony must only be vetted the day immediately prior to the Sale. If no such certificate is received by the Auctioneer, the pony must not be permitted to go forward for sale. **No ponies over 20 years of age will be accepted for sale.**
11. A statement must be included in the entry form that if a mare is in foal, it is to a stallion / entire male licensed with SPS-BS, or if **in foal to a stallion / entire male not registered with SPS-BS, the progeny will not be eligible for registration with the Society**. The covering stallion / entire male's name and registration number **and date(s) of covering** must be clearly stated on the form.
12. In the interests of welfare, it is recommended that lactating mares are not accepted at Society Sales, unless sold with foal at foot, nor should mares due to foal within eight weeks or less of the date of the Sale be accepted.
13. Full details of the following must be given on the entry form and printed in the catalogue :
Sire's name and Stud-Book number
Dam's name and Stud-Book number
Exact date of birth of pony

Name and registration number of covering stallion / entire male, if applicable.

Dates of covering must be included.

If mares have not been covered in the current season, this must be stated

14. In the interests of welfare, working ponies of four years old or over **only** may be clipped.
15. Passports for all ponies that require one legally will be checked by Society officials. **Should a passport be found to be incorrect, a charge of £5 will be payable to the Society before the pony will be permitted to go through the ring.**
16. A draft schedule must be lodged with the SPS-BS Secretary at least three weeks prior to printing. Printing must not commence until approval has been given by the Society. Entries for checking by the Office should be forwarded as soon as possible and preferably not retained until the closing date.
17. Members of the SPS-BS will be given preference over non-members. If no membership number is quoted on the entry form, the vendor should not be given preference.
18. If the Sale is preceded by a Show of registered Shetland ponies, the Judge/s must be members of the SPS-BS Senior Judges Panel. A copy of the current Panel is enclosed; further copies and updates are available on request.
19. The Auctioneers must deduct a **1% levy from all Sales** on behalf of the Society.
20. The Auctioneers must add **£12 (incl. VAT)** to the purchasers' accounts for all ponies sold regardless of whether they are a member or non member. These fees will be sent to the SPS-BS who will process the necessary transfers.
21. In the case of a pony being exported, the Auctioneer must deduct **£35 per pony - £25 of this to be paid by the purchaser and £10 by the vendor.** An International Pony Movement Certificate will be forwarded directly to the foreign Stud-Book Society concerned. The Society would like all vendors of ponies sold for export to be present whilst the Vet completes the IPMC.
22. If the transfers are processed by the Society on the day of the sale, purchasers will be required to ensure that they inform the Society staff of the correct details to enable the transfer to be completed on the SPSBS database and the passport to be updated and signed by the Secretary (or nominated Society representative) before commencing the onward journey.
23. A **typed list of full purchasers names and addresses** must be sent to the Secretary as soon as possible after the Sale. The list **must include** the forename, surname, full address and postcode of the purchaser.
24. **All ponies must have a Passport. No pony must be permitted to be presented for sale unless the Passport has been received by the Auctioneer's Office prior to the Sale. The Passport must then be passed to the new owner for the onward journey.**
25. The Society reserves the right to random DNA test ponies which would involve taking a hair sample.

PLEASE NOTE

An entry fee of £20 per animal, refundable on commission, will be payable at the office by vendor on receipt of catalogue number.

When a horse or pony goes through the sale ring wearing a head collar or bridle, the animal must be left with a head collar after it is sold, but not necessarily the one it was sold with. When a horse or pony goes through the sale ring without a head collar, it would be sold on that understanding.

N.B. We reserve the right to refuse to offer any foal which we consider to be too young, or unfit in any way. Foals must be eighteen weeks old or over.

Foals must be properly weaned, living away from their dams & eating hard feed.

VALUE ADDED TAX

Where ponies are sold from consignors who are VAT registered, VAT will be added to the Auctioneer's knock down price

VAT - NOTICE TO SELLERS

Sellers registered for VAT are required to submit VAT registration numbers form **PRIOR TO SALE.** Sellers not registered for VAT are required to submit signed and completed declaration forms **PRIOR TO SALE.**

No Pony to be removed from the Pen without the Owners Permission.
